HOOVER SUGGESTS SUGAR RATIONS

WASHINGTON, D. C., May 8.—(Continued from page 1.)—The suggestion of sugar rations to manufacturers of necessaries and an agreement between the United States and foreign countries not to bid against each other for this commodity were suggested today by Herbert Hoover as means of relieving the present sugar situation.

COLUMBUS, O., May 8.—Control of sugar prices in Ohio is put completely in the hands of John Pfeiffer, fair price commissioner by the department of justice. The old limits of profit of a cent a pound for wholesalers and two cents a pound for retailers may be revised by fair price commissioners if they deem advisable. A letter from Howard H. Hays, special assistant to the attorney general, declares that the revision will be approved.

Because of the state of the sugar market, which, among other factors, necessitates the tying up of abnormal volume of capital outside part of legitimate dealers in order to supply the popular demand, it is deemed advisable to permit fair price commissioners to revise the fair margins of profit on sugar heretofore announced by the department according to the needs and circumstances in the various states. Attorney Hays wrote in a letter received today by Mr. Pfeiffer.

Mr. Pfeiffer advises that this authority be used discreetly and that revision of the sugar margins should be made only after a very thorough and exhaustive study of conditions. The revision of how much it will cost to produce the sugar must not be considered, the letter adds.

"The sugar market is at present in a state conducive to speculation and the department is determined not to let the public suffer from this condition," the letter concludes. "Sugar may be sold only on a basis of cost plus a reasonable margin of profit, the latter price to be determined by fair price commissioners."

Assistant District Attorney Thomas McGee, of Cincinnati, reached Columbus at noon today to meet the Franklin county fair price commission. He has been studying the legal end of the fair price commission's activities and will inform the commission how far it can go in enforcing fair prices.

Chicago To Get The Largest Hotel In World

CHICAGO, May 8.—Plans for the largest hotel in the world were made public today. The hotel will be in five units, with the present Edgewater Beach Hotel as one unit and will front three city blocks on Lake Michigan and Sheridan Road. The architects have planned 10,000 rooms. The cost is estimated at \$15,000,000. A theatre seating 2,500; 100 kitchenettes for those who desire to cook their own meals, and one 10-story unit for bachelors, are features.

A minimum charge of \$15 a day in one of the units is contemplated.

REMAINS PREMIER OF SPAIN THOUGH CABINET RESIGNS

Premier Alcala Zamora of the Spanish cabinet which recently resigned will retain the premiership, it is stated, and try to form a new cabinet. He will eliminate the Liberal members.

SOCIALIST CONVENTION CONVENED IN CHICAGO

NEW YORK, May 8.—The 1920 presidential campaign of the socialist party of America opened today with the assembly here of 200 delegates from all parts of the country for the first national political convention of the year.

Today's organization program called for a "key note" address, probably by Morris Hillquit and appointment of vote tellers and judges, a sergeant-at-arms, a convention secretary and minor officials.

Formulation of the party's platform, in which there is exceptionally keen interest this year will be begun next week. The nominations for president and vice president, it is expected, will not be made until near the close of the convention, probably next Friday. But it appears to be virtually the unanimous opinion of party leaders that Eugene V. Debs, now serving a ten-year term in the federal prison at Atlanta for violation of the espionage act will be named to head the ticket.

The names most prominently mentioned for the nomination for vice president are those of Seymour Weissman, of Chicago, general counsel of the party; Scott Nearing, formerly professor of economics at the University of Pennsylvania and the University of Toledo, and Mrs. Kate Richards O'Farell, of Kansas City, who, like Debs, is serving a term for violation of the espionage act. She is confined at the federal prison at Jefferson City, Mo.

In addition to the 200 delegates, a number of fraternal delegates are present representing sympathetic international labor bodies.

An attack on the administration of President Wilson and prediction that the socialist party would poll more than two million votes in the presidential campaign, were made today by Morris Hillquit, temporary chairman of the Socialist national convention at its opening session here today.

He said that the party would survive the concerted attack, "unparalleled in ferocity and lawlessness," made on it in the last year by "all the powers of darkness and oppression in the country."

He declared that the last three years had furnished the most striking and abundant proof of the fallacy of the "good man" theory in politics. "If there remained any large sections of workers who put their trust in 'good men' to save them from the 'evil' of the capitalist system," he said, "Woodrow Wilson must have effectively destroyed their native faith."

"For it is remembered that in 1900," Woodrow Wilson ran as a radical.

"The promised socialism through the short-cut of the Democratic party and thousands of radicals throughout the country voted for him rather than to throw their votes on the hopeless candidates of the Socialist party."

Subway Strike Looms In Brooklyn

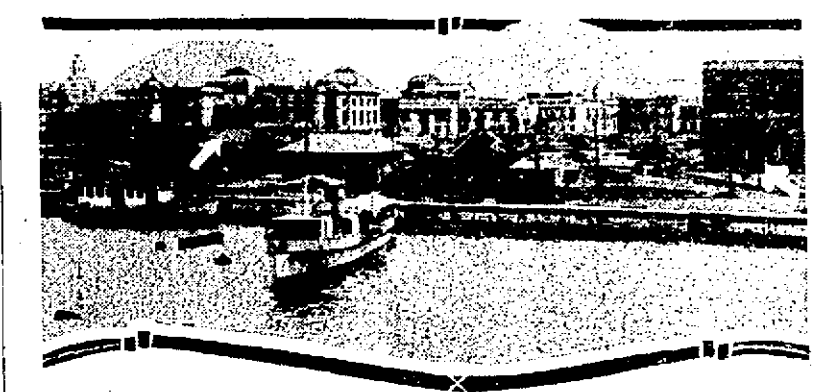

NEW YORK, May 8.—Possibility of a subway strike of Brooklyn Rapid Transit Company employees, trying to win a 10 percent increase in wages and shorter hours, is being discussed today by the company's executive committee.

The union's executive committee, led by Mr. Garrison yesterday, is holding a meeting to discuss the possibility of a strike.

Strikers Demand Action

CHICAGO, May 8.—A demand that John Grunau, head of the Chicago Yardmen's Association, inform strikers and say something definite one way or the other, was made today in a letter sent to Grunau by R. S. Murphy, publicity chairman of the association. "Great numbers of the members of the C. Y. A. asking: 'When do you expect to land the 95 cents and \$1 per hour?'" the letter reads. "It is logical to conclude the labor board will not give our members recognition or consideration until we return to work. What have you to offer us?"

"Come out from under cover now, and say something definite one way or the other," the letter demands after asserting "we also know the roads are operating fairly well under the circumstances."

The Peoples Gas, Light and Coke Company faces a shut down soon unless coal held up by the switchmen's strike arrives. T. F. Mitchell, assistant to the president, informed the public utilities commission yesterday.

\$2500 A Year Necessary To Support Family Of Five

WASHINGTON, D. C., May 8.—A minimum of \$2,500 a year is necessary for the support of an American family of five, W. Jett Lauck, consulting economist for the railroad brotherhoods, asserted today before the railway board.

Mr. Lauck who yesterday charged corporate profiteers with being chiefly responsible for present living costs, presented today a demand on behalf of the 2,500,000 railroad employees for the establishment of a minimum wage throughout the industry. He presented to the board a compilation of budgets on the cost of living based on studies made under his supervision and by federal and state agencies.

"It is impossible," he said, "for a family of five in the United States to maintain even in decent poverty under existing conditions for a penny less than \$2,500 a year."

His estimates, he said, were supported by government agencies and quoted the estimates made by Professor Royal S. Merger, consultant of labor statistics in August, 1919. The estimate was \$2,321. The estimate for May, he insisted, should be \$2,500.

Mr. Lauck in his statement declared that the fundamental cause of all economic instability, all industrial result, all interruptions of production and distribution, has been high prices and profiteering by organized capital and middlemen and retailers.

In concluding the brotherhood spokesman requested that the board curtail its examination of wage data and proceed immediately to the determination of what constitutes a living wage.

Death Closes Romantic Life Of Baron

ST. LOUIS, May 8.—Death has closed the romantic career of Baron Ernst Wallburg, born to a peasant girl, and acknowledged as son by the late Archduke Ernst. Through the action of the late Emperor Francis Joseph, he was given the title of baron and received a princely allowance and a liberal education, but his allowance was reduced when he married a poor girl, and was later cut off entirely after he had attempted to obtain a restitution of his rights through the courts.

During the last few years of his life, which cost of living

Insurgents Wrest Control of Many Towns

EL PASO, TEXAS, May 8.—Three state capitals in Mexico fell into the hands of revolutionists today through the revolt of Carranza garrison, coincidentally with the unconfirmed report given out by revolutionists were that Mexico City, capital of the republic, had been taken by General Benjamin Hill.

EL PASO, TEXAS, May 8.—Revolutionary forces under General Benjamin Hill have taken Mexico City, according to an unconfirmed report received here today from Chihuahua City and made public by revolutionary leaders here.

The message from Chihuahua said: "It has been confirmed President Carranza left the capital for Vera Cruz."

EL PASO, TEXAS, May 8.—From various parts of Mexico, especially immediately south of the Texas border, reports of revolutionary gains have been pouring in to El Paso during the last 24 hours.

Mutinous, opposite Brownsville, Texas and Piedras Negras, across the Rio Grande from Eagle Pass, Texas, were lettering, according to claims made by agents of the liberal constitutionalist party here. Camargo, Tlaxcala already has fallen into the hands of President Carranza's enemies and Nuevo Laredo, Tamaulipas, was seriously menaced. It was said.

Victories also have been won further south, revolutionists leaders here said. Toluca, opposite Saltillo and Oaxaca, both in the state of Oaxaca, and the railway junction of Cordoba, Vera Cruz have been lost by the federalists, according to reports given out at military headquarters in Juarez, opposite here.

The situation in Mexico is not clear. Despite persistent reports that President Carranza has fled to Vera Cruz, General Jose Gonzalo Escobar, Juarez commander who recently joined the revolution, has declared that the chief executive, though preparing for flight, has not left the capital.

The legislature of the state of Mexico has joined the army in its revolt against the federal government. It was announced. Today, the capital was reported to have fallen into the hands of General Flores in drawing near Mazatlan, the principal airport of Sinaloa, and the fall of the city is imminent. General Escobar said. According to revolutionary claims, General Ramon Toribio, the Carranza leader, is "committing suicide" on sympathizers of General Alvaro Obregón.

Negro Out For Governorship Of Arkansas

LITTLE ROCK, ARK., May 8.—J. H. Blount, Forrest City Negro, will make an active campaign for election as governor of Arkansas and his name will appear on the ballots as an "Independent Republican," a committee elected at the recent Negro Republican state convention here and designating itself the "Republican state central committee of Arkansas," announced today.

The announcement followed the statement of Secretary of State Trent that he would certify Wallace Townsend, nominated at a white convention, as the gubernatorial candidate.

The negroes also announced they would contest the four delegates at large the two delegates from the fifth district and one from the first district.

Newark, N. J. Outstrips Cincinnati

WASHINGTON, D. C., May 8.—Newark, largest city in New Jersey, with a population of 415,000, has outstripped Cincinnati, which ranked it in the last census. Cincinnati's population, recently announced, is 401,758.

Newark ranked as the 14th city in 1910, with a population of 347,620, an increase of 101,380 over its 1900 population.

Washington, 16th city ten years ago, now outranks both Cincinnati and Newark with a population of 437,114.

Since its first federal census was recorded in 1840, Newark has had a steady and substantial growth. Its smallest percentage before this census was 29.9 during the decade ending in 1850.

Other census results announced today are:

Newark, Ohio, 247,181, increase of 134,400 or 55 percent.

Newark, N. J., 415,000, increase of 88,400 or 19.6 percent.

Lynn, Mass., 101,118, increase of 28,120 or 11 percent.

Canton, Iowa, 21,131, decrease of 1,125 or 5.1 percent.

Amherst, Iowa, 16,008, decrease of 110 or 0.7 percent.

Corpus Christi, 2,313, increase of 1,021 or 44.2 percent.

Deaton Harbor, Mich., 12,227, increase of 3,912 or 32.1 percent.

Mandan, N. D., 12,226, increase of 161 or 1.3 percent.

Columbia, Ill., 10,816, increase of 1,281 or 13.1 percent.

Holland, Mich., 12,196, increase of 1,600 or 13.0 percent.

Berlin, N. H., 10,101, increase of 1,224 or 12.7 percent.

An Explanation-

(Please read this entire announcement, so you'll understand our purposes.)

On Monday—and continuing for four days and nights, the Lyric and Columbia theatres will simultaneously present "The Miracle Man," the photoplay that stands as the peer of anything ever before attempted on the screen.

Showing a photoplay in this manner is unusual in Portsmouth. But this is an unusual picture and we want every man, woman and child to see "The Miracle Man."

It may seem strange, but in bringing this photoplay "with an amazing soul" to Portsmouth, we are taking a step that does not promise much in financial profit; in fact, we do not aim to make money from this engagement. "The Miracle Man" is costing us so much to present, that it is scarcely possible to profit from it at the prices we are charging.

But we will feel we are amply repaid when we hear our patrons go forth and tell of the wonderful appeal of this soul-filled picture; we will feel repaid in seeing the brightened faces; the sparkling eyes; the awakened hopes of our patrons. For such is the effect of "The Miracle Man."

After we saw this production, we felt there is something more in showing pictures than just making money.

When you see "The Miracle Man" you'll understand what we mean. Words can hardly describe it.

Circus Tent Is Packed At Afternoon Performance

Howe's Greater London Shows arrived here early this morning from Weston and pitched its tent on the Micklethwait property, Boulevard and Kline's Lane. The show found York Park far too small for the magnitude of its show and at the last moment was compelled to seek a much larger lot.

Twenty-five cars are required to transport the show.

The big circus parade moved over the downtown streets at 12 o'clock (new time). The afternoon show started at 2 o'clock (new time) and the evening performance at 8 o'clock (new time).

The circus has ten clowning, two bands, many trained animals and six elephants. It is a real circus, snappy and clean, and two satisfying performances are assured those who attend.

"Everything is spic, span new and we have no fakes with our show," H. C. Whitard, press representative of the tented aggregation, said today. "We enjoy liberal patronage because we give people their money's worth. The show is replete with features that are to please."

The afternoon performance was largely attended, the big tent being jammed with people as it was the first circus of the season.

Body of Frank Leedom Arrives At Manchester

MANCHESTER, May 8.—Frank H. Leedom born at Bentonville February 1, 1888 died at a hospital in France Sept. 17, 1918.

He was employed as a lithograph pressman for the Kah Patterson Co. of Portsmouth for seven years. He lived with his mother Mrs. Lida Leedom at Portsmouth until her death four years ago. He enlisted in Co. D, 5th Engineers Corps at Portsmouth May 7th, 1918. He took pneumonia on the ship and was removed from the ship on the 14th of September. His body reached home Friday accompanied by Corporal Williams and will be buried by the side of his mother in the Odd Fellows cemetery.

This is the first soldier body to be returned to Adams Co. from overseas for burial.

Frank Leedom was well known here and was inducted into service of his country in May 1918 volunteering for the battle and boat service. He was overseas late in August as a member of the 5th Engineers. Leedom roomed at the home of Mr. O. D. Taffe French and Officers streets when he carried the service.

WILL HOLD MASS MEETING

Switchmen of the N. & W., who have been on a strike several weeks, will hold another mass meeting in their hall on Gallia street Sunday afternoon at 2 o'clock. Business of importance, and all members are urged to be present.

"This meeting should be well attended," J. M. Kraft, press representative of the strikers, said today.

Judgment For Defendant

Motion for a new trial was overruled today by Judge Small in the rape case of G. H. Williamson against Charles Frye and awarded judgment for the defendant.

This suit grew out of a dispute over some bath room fixtures which were removed from a building on Gallia street by Frye by right of purchase claimed from James Maxwell, who later sold the building to Williamson and the latter claimed the fixtures were a part of the real estate.

Attorneys Miller & Seale for plaintiff and Attorney Blair and Blair for the defendant.

Bond Reduced; Released

Sayu Cloran, Syrian, who was sent to jail from Municipal court a few days ago on a charge of rape upon Sultana Chetras, 13-year-old Romanian girl, of Wyandotte, Mich., was released from custody today, when Judge Thomas reduced the bond from \$5,000 to \$500 on the application of Attorney Guy Blair, counsel for the accused.

The defendant claimed following his arrest at New Boston, where he was found living with the girl, that he was married to her several weeks ago, despite the fact she has another husband living. The girl returned to Wyandotte with her mother, Mary Fisher, following her release from custody in the juvenile court.

Demurrer Is Overruled

Judge Small today overruled a demurrer to the petition in the case of Charles H. Eckhart against Frank Cooper and The Portsmouth Street Railway & Light Company.

This action resulted from a collision which occurred near Second and Court streets on March 25 last, between Cooper's truck, a street car and Eckhart's automobile and the latter sued for \$200 damages to his vehicle. Attorneys Blair and Blair brought the suit and Attorney Theo. K. Fink represents Cooper and Attorney Miller and Seale the traction company.

PNEUMONIA LEFT BOY
WEAK AND SICKLY

Parents Were Almost Hopeless, But He Is Now Well and Strong.

"Our little boy's health was so poor we were afraid he was going to lose him. He is 10 years old, and has had pneumonia twice. Most children like to take it, because unlike many ailments and tonics, it really tastes good. We have been very careful with him and doctored him continually, but he had almost expired after having a strong, well boy."

"But since giving him Mils Emulsion all his trouble is gone, and he is in perfect health."—Mrs. G. W. Smiley, 30 Maple St., Dayton, O.

For restoring appetite, health and strength in sickly children, mothers will find Mils Emulsion the thing they have always sought. Most children like to take it, because unlike many ailments and tonics, it really tastes good. Mils Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all sorts of pills and physic. It promotes appetite and quickly puts the digestive organs in a normal state. As a builder of flesh and strength, Mils Emulsion is strongly recommended to those whose children are weak and sickly. It is a powerful aid in feeding and restoring the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Mils Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Standard Employees
Enjoy Fine Banquet

Employer and employee gathered around the festive board in the Washington hotel last night at 7 o'clock and enjoyed an evening of unalloyed pleasure.

The occasion was the annual banquet given by the management of the Standard Supply Company to their faithful employees.

There were twenty-six present. The menu was faultlessly served in six courses and the banquet was a thoroughly enjoyable affair.

Joseph Russell acted as chairman of the evening, introducing C. E. Dowling, the secretary and treasurer of the company, who acted as toastmaster of the affair.

Mr. Dowling is a preacher of the gospel of the smile and his sermonizing along that line Friday night was inspiring. Among other points he made, the most outstanding was this: "When you lose your smile, you're done."

His ability as a story teller is remarkable, and his stories, last night, fitted in exactly the right places. The timely matter of serious import which was suggested throughout the evening was the fact that yesterday was the anniversary of the sinking of the Lusitania.

The first speaker of the evening was President Fred Rubelman, who made a brief address expressing the hope that all would enjoy themselves, leaving a general good time.

Following Mr. Rubelman, H. W. Watkins of the sales department, in a short speech convinced the auditors in a succinct dissertation on the credit department. He was ably answered by Ben Leichter of the credit department.

Mr. J. Hughes, A. J. Franklin, W. J. Baker and Mrs. Mattie Scott also made short talks and were greeted with much applause. A note of sincerity rang through all the speeches and evidenced the fact that the best of harmony prevails among the employees of this progressive firm.

"These banquets have become annual affairs and are always anticipated with keen pleasure," Mr. Dowling said at the close of the delightful affair.

Mr. Rubelman, who also is one of the live wires of the company, expressed his gratefulness for the hearty cooperation of all employees the past year.

Those present were: Fred A. Rubelman, C. E. Dowling, Mattie Scott, Malby J. Hughes, Benjamin A. Leichter, Emma Herrman, Esther Valard, Mildred Hastings, Catherine Gerlach, Glen Wheeler, Joseph Russell, Mary Herrmann, Oscar Milchen, Charles Leever, Glenn Bridges, William J. Baker, Frank Papp, Chester A. Kerr, Edward Youngman, W. H. Gibbons, Henry Wall, Virgil Scott, Bertha Stock, Wayne Watkins, Walter E. Rubelman and Jack Franklin.

Marietta Wins Both
Ends Of Big Debate

The affirmative and negative debating teams of P. H. S., debating here at Marietta last night, lost both ends to the Marietta High School team.

Debate before a large, appreciative crowd in the local High School auditorium last night, the negative team representing P. H. S., despite the fact that it lost the decision, presented a well defined and forceful argument, but the experience of the opponents in having previously debated the same question with Pickersburg High School, was in their favor and told in the final outcome of the arguments.

The local team composed of Isaac Kelly, William Seagars, Bertha Schmitt, and Harold Puckett, defeated P. H. S. admirably last night.

Each team had three speakers in the rebuttal, and the arguments pro and con presented in the final stands, probably were the clinching evidence which prompted the decision of the judges.

The question, Resolved: "That in all industrial corporations the employees should be permitted to elect from among their number one-third of the Board of Directors," was ably presented and debated by both teams.

On the Marietta affirmative team were Misses Roselyn Heltz and Thelma Marsh, (altercate), and Roy Ullman and Smith Ballentine, all experienced debaters.

The judges were H. R. Edwards, principal of Ashland High School; Miss McGuire, of Ironton High School; and R. C. Meeks, secretary of the N. & W. Y. M. C. A.

Mark Crawford presided, and at the end of the debate, handed the efforts of the young debaters, and said, "It does not matter so much which side of the question these young people take, so long as they observe the golden rule, and this they certainly did."

The Girls' Glee Club of P. H. S. rendered selections before and after the debate proper, and the students gave vociferous approval by their "team" yells for both Marietta and Portsmouth.

The result of the outcome of the debate at Marietta was received by telephone dispatch and announced last night.

The affirmative team sent to Marietta by P. H. S. was composed of Paul K. Giff, Dennis Baker, Fred Smith and Ruth Lockhardt. Miss Emma Cramer, a High School teacher, accompanied the debaters.

The judges were H. R. Edwards, principal of Ashland High School; Miss McGuire, of Ironton High School; and R. C. Meeks, secretary of the N. & W. Y. M. C. A.

Gas Explodes, Woman Burned; Side Of House Is Blown Out

Mrs. Catherine Ferguson was seriously burned about the shoulders, neck and face about four o'clock Friday afternoon in a gas explosion at the home of John Cleveger, Glenwood avenue, New Boston. The force of the explosion blew out the side of the house and partly raised the roof of one room.

Mrs. Ferguson was removed to Hempstead hospital for treatment, Dr. A. B. Mills attending her. She had a lighted coal oil lamp in her hand when she went into a dark bedroom where a store had been disconnected and no plug or cap had been fitted to the gas pipe allowing the room to fill with gas. The gas exploded Mrs. Ferguson's clothes around her shoulders catching fire. She picked up a quilt from a nearby bed and wrapped it about her shoulders extinguishing the most of the burning clothes while other members of the household hastened to her side and put out other burning places in the clothes.

The New Boston fire truck responded to a call but there was no damage by fire, most of the damage being caused by the explosion. The house is owned by the Whitaker-Glessner company.

POOR START OF SLUGGING TIGER BAND CAUSES TALK THAT HUGHIE MAY STEP OUT

A close-up of Hughie Jennings and two familiar poses.

Spreading around the baseball world is the rumor that the poor showing of the Detroit Tigers at the beginning of the season was due mainly to disunion on the club caused by Hughie Jennings showing favoritism to Ty Cobb and Dutch Leonard during the barnstorming trip of the team before the season opened. As a result of the alleged ill-feeling it is being passed around that Hughie may be done as a Tiger pilot. All of which must not be considered too seriously, although the move isn't beyond the range of possibility.

Here Is One To Read About

Oh, daddy, but wasn't that some game the Reds and St. Louis played yesterday. 20 runs being scored. The only redeeming feature of the town for struggle, was that the Moran men were on the long end of it.

STENOGRAPHER WINS NATIONAL AMATEUR FENCING CHAMPIONSHIP AND GOLD MEDAL

Mrs. Adeline Gehrig.

That athlete for women is no longer confined to the wealthy or leisure class is being shown more clearly every day. This Miss Adeline Gehrig, a stenographer in a railroad office in New York, is the latest proof. She found time outside her office work to become such a proficient student with the foil that she recently won the national women's amateur fencing championship. She was awarded the gold medal offered by the Amateur Fencers' League of America. She may go abroad after to represent the United States in the Olympic contests. She is a pretty brunette, five feet six inches tall and weighs 144 pounds.

Yeager To Umpire Games

Buck Yeager has been engaged as umpire for the Industrial League during the coming season. He was a corker the good umpire last season, and the fans will be delighted to know he will be back on his job.

Frank W. Sheridan has been slated for official score keeper and will occupy the press box on the grand stand. The averages for batting and fielding will be published monthly, so that fans and players can know who is leading in the various departments of the game.

Pitchers Sloughed Freely

The Reds have now capped two out of the first three played with the St. Louis Cardinals with two more to play. The pitchers of both teams have been

sloughed rather freely due to the bad weather. It has been so cold in the Mount City that the heaters no doubt have not exerted themselves.

Butchers Beat Messengers

The Butchers by showing an unusual burst of speed in their third game last night in the Selby bowling tournament, were able to go into third place, losing the Messengers out by three pins. Henry Taylor should be given credit for their showing, for Henry had one of his good nights, shooting 522 pins. The Tuckers were a big disappointment to the spectators themselves, and the bowling world in general. Spence was their best bet, getting 482.

This afternoon and tonight will find the tournament going on all "six." At 2:00 p. m. the "Wreckers" and Lynn Jones "Rio Shiners," take the alleys. At 5:15 p. m. the "Five," captained by Frank Siders, and the "Six," captained by Dan Fuchs, will try to replace the "Sliders" No. 1.

At 7:30 p. m., the "Wreckers" and "Frank's Selects" will entertain and also try for some records, which should remain to be seen. Last night's scores:

Selbys Beat N. & W. Team

The Selbys played their third practice game when they trounced the N. & W. yesterday, defeating them by the score of 6 to 3. Both teams got an excellent practice and that was what they were after. Back for the Selbys, showed he was some better, knocking one home run, and also fielding well. Lewis pitched a fine game and, the Selbys are certain to be well fortified in the box this season.

All the N. & W. team played a fine game, but Hickey and Wells were the stars; Hickey leading in hitting and also showing himself some star at base running. Wells fielded in mid-season form, and his play in daylight that the N. & W. under the leadership of Manager Timmons is going to be some contender this year.

This afternoon the Exchangers play the Browns.

Genuine Nutmegs. Nutmegs are kernels of the fruit of a tree cultivated in Sumatra, Java, and the West Indies. The shape and size of this fruit resembles a peach and, when ripe, it easily splits in two parts, showing the kernel (or nutmeg) and mace, which surrounds it.

Like to Read the Ads. Arizona advertisements in magazines and newspapers are the favorite reading matter of the residents of the Red Sea region. The people find them far more interesting than the stories, and all the magazines that reach the American consulate at Aden are eagerly borrowed.

INVENTOR REJOICES AT WINNING RIGHTS

Albert S. Janin.

"My chief joy in obtaining my right to the hydro-airplane patent is that it has restored my lost faith in justice and has proved that a poor man can win out in the courts even against millions," says Albert S. Janin of Staten Island, N. Y., whose life's dream was realized recently when a Brooklyn court concurred in the action brought in 1914 in the circuit court of appeals, Washington, D. C., in the contest between Mr. Janin and Glenn H. Curtiss over the right to the hydro-airplane patent. Janin's victory in the courts will make him a millionaire.

Grateful for Rain. To show how badly rain was needed, a native who came to Newcastle market with his wagon was so overjoyed that he rushed into the center of the street in front of the town hall when the storm was at its severest and offered up a prayer of thanksgiving. He then started drinking the muddy water as it flowed past him.—Johannesburg (Transvaal) Sunday Times.

Devices on Old Playing Cards. In the seventeenth century English cards were embellished with heraldic designs. The king of clubs bore the coat of arms of the pope of Rome. Spades, diamonds and hearts were adorned respectively with the armorial devices of the kings of France, Spain and England.—Cleveland Plain Dealer.

22 Starters In Derby At Church Hill Downs

LOUISVILLE, Ky., May 8.—With 22 thoroughbreds three-year-olds entered for the 49th renewal of the Kentucky derby at Church Hill Downs this afternoon, it was the unanimous opinion of turf followers here that the \$50,000 added money classic would be the greatest and most open race ever run.

Should more than 30 horses go to the post, it will be a record for the derby. The previous largest field was in 1916 when Legret was co-rider of the only filly ever to win the coveted classic. Edith Gray, by Hesham-Sweet Marjoram and Cleopatra, a chestnut filly belonging to W. H. Cog, was the only filly among the entries for today.

Five stables will be represented by complete entries, including those of H. P. Whitney, G. W. Loft, W. H. Cog, Ral Farr and W. M. Jeffords. To the Harry Payne Whitney entry, including Hamack, Whirl and Upel, apparently fell the lot this morning of being public favorites. Unofficial odds on this trip was reported at 4 to 1. The George W. Loft entry, Doanona and On Watch, were reported as second choice with the public, while the odds on some other horses ranged as high as 50 to 1.

FROWINE IS LEADING ATHLETES

Yesterday after the first three events, the broad jump, 220-yard dash and javelin throw, had all been run off in the P. H. S. all-around field and track tournament at Millbrook park, in the number of points scored.

Frowine is leading with Moritz second, and Muller third. There are yet seven events to be run off before the tournament closes, and the above standing is therefore only for one-third of the events. The meet will be resumed Monday.

and concluded probably Tuesday afternoon, at which time the best P. H. S. all-around athlete will have been known. A handsome bronze medal will be presented to the athlete scoring the highest number of points in the meet.

IRONTON HAS INDUSTRIAL LEAGUE

IRONTON, O., May 8.—The first games of the Ironton Industrial Baseball League will likely be held a week from today at Beechwood park. A meeting of the managers of the proposed teams is to be held at the Smoke

house Saturday night at which time the league will organize and arrange elements made for preparing the schedule. It is reported that "Shocks" Taylor will very likely be asked to be president of the league. The four teams to

participate will be the Ironton Sulway, Ironton Engine, Dayton Mulkeale and the C. & O. The latter team has not yet been organized, but there is a wealth of material among the C. & O. employees and they could form a club that would be a real contender.

SECOND HALF OF SEASON CLOSSES TODAY

The second half of the Volley ball league closes today when all six teams play this afternoon at Whitehall Hall. The Selbys are well in the lead, but the Invincibles defeat of the Wholesalers has tightened things up a bit. The Wholesalers and Allies will fight it out for second place and the Exchangers and Selects for the leadership of the second division.

The Selbys play the Invincibles at 2 o'clock, the Wholesalers play the Allies at 2 o'clock and the Exchangers play the Selects at 4.

Dotheboys Hall. In "Nicholas Nickleby," one of Dickens' best novels, occurs the name, Dotheboys hall. It is the name of a boarding school in the north of England, kept by a heartless villain named Squeers, a place where boys were taken in and "done for." Squeers' system of tuition consisted of alternate beating and starving. In Dickens' time, it is said, such schools existed, and his account of the one over which Squeers presided did much to bring about their extinction.

CONFUSION WORSE CONFOUNDED

THE country has had much ado, in the way of newspaper headlines, about the presidential contest, but the naked figures fail to show there is any worthy of the name going on.

The Democratic end thereof is an enigma total and without a ray of illumination. No candidate, outside of Governor Cox in Ohio and Kentucky and Palmer in Georgia, has developed any strength that can be set down in figures.

There is not anything clearer on the Republican side. Columns have been projected about Wood carrying this state and Johnson winning in that, but the victories of both appear in the main to be bootless, that is in the way of delegates, for a delegate that isn't roped, thrown and hog-tied with instructions is next to as uncertain of possession as a bird in the bush, more so than ever these parlous times.

Results of this week show Wood and Johnson fighting it out for first and second place, with the former still slightly in the lead, but with now about three-fifths of the delegates chosen neither has any commanding lead, nor could the impossible occur and the two combine, would the convention control be assured.

Thus it would appear that there are no seeming probabilities before either convention, a situation further confused and made more difficult of understanding by the eleventh hour projection of Philander C. Knox into the race. This man will have votes outside of the Pennsylvania delegation, which Boise Penrose will see is thrown to him in bulk and the one definite impression it carries at this time is that it weakens Wood, yes, breeds the suspicion that it is put forth at this time to impress those thrifty ones, who keep an eye on the main chance, from committing themselves to the cause of the General.

HINT OF HOW IT STINGS

THE days when the anti-saloon league used to issue manifestos against the election of Democratic candidates are not forgotten, but they have a ray of ghastly glee cast into their recall by the fact that the organization grown stout with the rooting of prohibition, has issued orders to the Republican party that it must not nominate Harding, or Johnson, nor yet Wood, but should turn its thought to Frank Lowden.

That's different, as the cartoon says, though the same inhibition goes against Cox and Palmer and Edwards. It puts the shoe on the other foot, the foot that was ever welcome of any aid to boot the poor unsanctified Democracy about. Why Harding is made anathema is passing strange. He's been recognized as dry and his only offending seems to be that when prohibition was at the test of vote, he, with his usual propensity to get away from an awkward situation, welcomed the proposal to pay the liquor dealers for the actual loss in property suffered by the inhibition of their business.

The war is ended. One of its biggest lessons we should not forget is to wipe out the slate. So in our big and generous heart we wipe out the many unkind things the anti-saloon league did the Democratic party in the years ago and bid it persevere in its new policy of swatting both parties alike. Not that we, by any means, promise agreement with it that one is as undeserving as the other, but we like concert and harmony even in envious noises. It takes away the feeling of being unfairly and despitely dealt with.

Council has passed ordinances for the laying of sidewalks in the various parts of the city. We were just wondering whether or not they would be allowed to lie dead in the books just as have many that have preceded them.

So long as the Reds continue to win enough games to keep in front they will be the greatest team on earth, but let them get into a slump and then you will hear what you will hear—if you don't stop up your ears.

Say you a prophet is not without honor, save in his own country? Look at Hi Johnson and how they favored him in his own state of California. Why, he beat Herb Hoover, who is reputed to be some prophet of the new car himself, about two to one.

The DIARY OF AN ENGAGED GIRL

JACK PLEASES LINSEY WITH A GIFT

Jack has been simply adorable for the last few days. Poor fellow, he felt our hearing separation pretty much, I know. I can tell that he hates to hear himself away in the evenings and can't get me on the phone early enough in the morning. The phone is by my bed, and it seems to please him to death to wake me up in the morning, or to surprise me, when I am lying there, half awake and half asleep. I like it, too. "You sleep, sweet little thing," is what he invariably puts over at me. We've gotten awfully well acquainted in a sort of more intimate-distant way over the old phone. Would you ever believe that possible?

I declare a telephone can be the most business-like thing imaginable. Silence on the phone just quivers with intensity, whether of love or hate. Near me, I only discovered the telephone a few weeks ago, right after becoming engaged, but—

Jack brought me up the loveliest jade earrings today. For slender things, they are most becoming to my sort of beauty. Now, I really feel like a woman of the world. It's so much easier to make one's eyes sparkle with earrings, specially jade ones. Green has always stood for mystery and jealousy and everything weird through all ages. Emeralds are equally fascinating, and snakes' eyes, and green and mysterious, but most desirable smoocher.

When I got all fussed up, and my earrings on, I felt wonderful, like a Harry Collier model, don't you know? And talk! I can talk and tell a blue streak. I feel that I can talk—let's me jump. I feel as if my name ought to be Lulu or Fifi or something unusual and whimsical. But invariably neither and the same sound of "Linsey" bring me to my senses—my hard, nuttier-of-England descent senses. I wonder if I will ever be able to lose my? Jack assures me with a smile at times that he feels

sure I will, some day, when dreams come true, so that's comforting. We went to The Nine O'clock Show this evening, and had the best time ever. Jack told me there wasn't a girl in the bunch could come up to me! Such honeyed words. I love them.

I have taken a new lease on life, engaged life, that is, it seems and I just wait for the moments when Jack appears like a perfect kid. I refuse to be ashamed of this, however, and as for him, well, his chest has expanded several inches.

He told me with a laugh that his mother had told him about Cecil's picture on my wall, and how he had explained all about my views to her, and finally forced her to accept them, in toto!

I am beginning to believe that Jack is going to be an Ally of mine in the future, not just a mere husband. Isn't that most too good to be true? (To be continued.)

Road to Maytime

Tell me, children, if you can, pausing in your playtime. Tell a worn and weary man. What's the road to Maytime? (Try we shall pluck its flowers. Though we've never been there—But unless you're my mine. You shall never win there.)

Tell me, fair and eager youth. What's the goal you burn for? For your feet are set, forsooth. On the path I return for. (If your heart no signal gives, All in vain you'll wander: It is here my love lives. Somewhere over yonder!)

Aged man, your wondering Now is almost ended—Surely on the road to Spring. Once your steps have wandered? (Yes, and again shall be. Where its buds are blowing: Take my hand and walk with me—That's where I am going.)—Fred Robinson in, Cleveland Plain Dealer.

First There There are underlying times when differences of rank do not count, and an Irish soldier who was a participant in one of our wars chanced upon one of them.

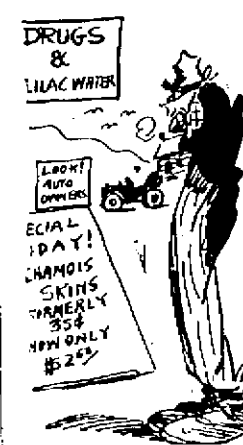

It was a time when Tim should have been in active service that he was discovered by his sergeant in a hole, well out of the way of even a stray bullet. "Get out of that hole!" commanded the sergeant sternly. "Get out of it immediately!"

The usually good natured Irish face looked up at him with stolid resistance written on every feature. "You may be my superior officer," he answered boldly, "but all the same, O'm the wan that found this hole first!"

"They did?" "Yes, and then the bottom fell out."

BILLY WHISKERS

BY FRANCES TREGO MONTGOMERY

When Day kept on eating the Turkish lady's hair, she said: "Stop pulling my hair, Fatima. It hurts." Fatima did not stop, and she turned to give her daughter a shaking for not minding her, when instead of her child being there, she found a goat. Her astonishment was great and she would have pounded Day, but just then she and Day both heard a great noise and clatter of feet coming toward them.

Well, this is a nice cool, quiet place for a night's thought. I think I will curl up on that couch and take a nap.

Switching the action to the world, he jumped up on the couch at the end of the room under the window. But more good news. What could be the matter? Had he broken a spring, that the pillows on the couch should fly up in the air? No! It was the Sultan himself he had jumped on, mistaking his yellow silk trousers for a sofa-pillow in the dim light of the room.

When this happened, she had to laugh, as she hated this servant for some tale he had carried to the Sultan, and she was not the only one he heard laugh, for other ladies of the harem

"Yes, sir. I've bought a parrot." "A parrot. What on earth for?" "I told you to get an alarm clock!"

"Yes, I did. But after a day or two I got used to it, and it didn't wake me. So I got the parrot, and now when I go to bed I fix the alarm clock and put the parrot's cage on top of it. When the

alarm goes off it startles the parrot and what that bird says would wake up anybody."—London Opinion.

New-York - Day - By - Day

BY O. O. MONTGOMERY

NEW YORK, May 8.—Uptown New York is shortly to have an aerial MacDougal Alley—a Bohemia-in-the-clouds—where a group of celebrated artists and writers will write, paint and sculpt their deathless creations for a palpitating posterity.

Copeland Townsend is planning to build a series of studio apartments on the southern wing of his hotel—the Majestic—where the artists high above the turmoil of the ceaseless clang of the city will live in a little world of their own permitting their thoughts to enter the empyrean a will.

The vista will be over the great greensward of Central Park rich with foliage and studded with tiny shimmering lakes. There are hills, dunes, miniature mountains and forests. Venetian bridges—certainly enough beauty to inspire every artist or writer to his best efforts.

Every studio will have a northern light—something the artist demands. Old fashioned knockers, cozy little benches at the door with portless filled with flowers overhead, gravel walks and small fountains will add to the peace and beauty of a scene which—mirabile dictum—is right in the heart of the city's seething cauldron.

The artistic life is sweeping northward in New York with a rush. There are at present five artist studio buildings on Sixty-Seventh street. The Hotel des Artistes is also on the same street. Central Park West is filling up rapidly with artistic folk who appreciate the grandeur of the park at their very doors.

Among those who will live in the aerial MacDougal Alley are Dean Cornwall, Frank Gehring, Ray Bohn, Prince Paul Tremblay, Arthur Somers Roche, Edna Ferber, Montgomery

Felt Important. "Let me see," said the editor to a new acquisition, "I hardly know what to put you at."

"I'll sit down and write a few leading editorialists"—Life.

Why Not? "What are you working on?" "You remember those old remedies advertised as good for man or beast?" "Yes."

Sickening Discovery. The teacher had read a chapter from "The History of the American Revolution" and Raymond had then heard the word "breastworks" for the first time. Telling his mother the story when he got home, he said: "When the British got up in the morning and saw the Americans on the opposite side of the hill, they threw up their breakfasts."—Boston Transcript.

Lower California Cattle. In addition to cattle, many excellent mules are raised in Lower California. Horses are rarely used. The faithful burro is the principal means of transportation. Except for a few thousand in La Frontera, there are no domestic sheep in the country. In the southern part there are numerous flocks of goats. The largest cattle ranch on the peninsula comprises almost 1,000,000 acres.

EL PASO, TEXAS, May 8.—From
various parts of Mexico, especially im-
mediately south of the Texas border,
east of Ojinaga to the Gulf of Mexico,
reports of revolutionary gains have
come pouring in to El Paso during the
last 24 hours.

Matamoros, opposite Brownsville,
Texas and Piedras Negras, across the
Rio Grande from Eagle Pass, Texas,
were looting, according to claims
made by agents of the liberal constitu-
tional party here. Camargo, Ta-
maulipas already has fallen into the
hands of President Carranza's enemies
and Nuevo Laredo, Tamaulipas, was
seriously menaced, it was said.

Victories also have been won fur-
ther south, revolutionists leaders here
said. Tehuantepec Isthmus and Oaxaca
both in the state of Oaxaca, and the
railway junction of Corralito, Vera
Cruz have been lost by the federals,
according to reports given out at mili-
tary headquarters in Juarez, opposite
here.

The situation in Mexico is not clear.
Despite persistent reports that Presi-
dent Carranza has fled to Vera Cruz,
General Jose Gonzalo Escobar, Juarez
commander who recently joined the
revolution, has declared that the chief
executive, though preparing for flight,
has not left the capital.

The legislature of the state of
Mexico has joined the army in its re-
volt against the federal government. It
was announced, Toluca, the capital,
was reported out of from Mexico City.

General Angel Flores is drawing
near Mazatlan, the principal seaport
of Sinaloa, and the fall of the city is
imminent, General Escobar said. Ac-
cording to revolutionist claims, Gen-
eral Roman Iturbe, the Carranza fed-
eral, is "committing abuses" on sym-
patizers of General Alvaro Obregón,
candidate for the presidency of Mex-
ico, and one of the leaders of the
anti-Carranza movement.

General Francisco Urbalejo, com-
mander of the Casas Grandes garrison
in Chihuahua, has formerly declared
his allegiance to the revolutionist par-
ty, in a letter said to have been writ-
ten to General Plutarco Elias Calles,
commander of the revolutionary army
of the northwest.

General E. Salinas, brother in law
of President Carranza and provision-
al governor of Chihuahua when the
revolutionists seized Chihuahua City
recently, was in El Paso today. Gen-
eral Salinas was escorted to the inter-
national bridge by two officers detailed
General Escobar.

General Salinas has never renou-
ned his allegiance to President Car-
ranza and it was understood here that
he would make his temporary resi-
dence in the United States.

Strikers Demand Action

CHICAGO, May 8.—A demand that
John Grunau, head of the Chicago
Yardmen's Association, inform strik-
ing switchmen how they can get their
seniority rights restored, was made
today in a letter sent to Grunau by H.
K. Murphy, publicist chairman of the
association. "Great numbers of the
members of the C. Y. A. asking: 'When
do you expect to land the 95 cents
and \$1 per hour?' the letter reads.
"It is logical to conclude the labor
board will not give our members recog-
nition or consideration until we return
to work. What have you to offer us?"

"Come out from under cover now,
and say something definite one way or
the other," the letter demands after as-
serting "we also know the roads are
operating fairly well under the cir-
cumstances."

The Peoples Gas, Light and Coke
Company faces a shut down soon un-
less coal held up by the switchmen's

to the president, informed the public
utilities commission yesterday.

Chicago To Get The Largest Hotel In World

CHICAGO, May 8.—Plans for the largest hotel in the world
were made public today. The hotel will be in five units, with the
present Edgewater Beach Hotel as one unit and will front three
city blocks on Lake Michigan and Sheridan Road. The architects
have planned 40,000 rooms. The cost is estimated at \$15,000,000.
A theatre seating 2,500; 400 kitchenettes for those who desire
to cook their own meals, and one 16-story unit for bachelors, are
features.

A minimum charge of \$15 a day in one of the bachelors' apart-
ments.

HUGHES TO CONTINUE ATTACK ON LEVER ACT

INDIANAPOLIS, IND., May 8.—
Charles Evans Hughes, chief counsel
for bituminous coal miners indicted for
alleged violation of the Lever act, is
expected to resume his attack upon
the constitutionality of the measure
when court recesses at 10 o'clock
this morning. He assailed the act yes-
terday afternoon when he argued for a
motion to quash the indictment in fed-
eral court, after Judge A. B. Anderson
had overruled the plea in substance
filed by the defendants alleging prejudi-
cial instructions to the special fed-
eral grand jury that returned "indict-
ments against 125 Indiana, Ohio, Illi-
nois and Pennsylvania miners and op-
erators. Similar motions to quash the
indictment against the operators were
filed by their attorneys.

The motions filed by Mr. Hughes and
other attorneys attacked the indict-
ment on three general grounds: The al-
leged unconstitutionality of the Lever
act; the operation of the act if it is
constitutional and the insufficiency of
the indictment.

Mr. Hughes characterized the Lever
act as "rogue and inhuman," and cited
the fact that it exempts from its op-
eration persons engaged in producing farm
products in support of an argument
that it favored of class legislation.

Emphasizing the alleged constitu-
tionality of war regulatory powers during
times of peace, Mr. Hughes declared
that "we have the pretense of war to
continue arbitrary regulation."

"When we shall have a formal
treaty of peace," Mr. Hughes declared,
"God only knows."

OPENING STOCKS

NEW YORK, May 8.—The stock ex-
change opened today with light deal-
ings and irregular advances and ad-
vances mostly within fractional bounds.
The few exceptions included several
high grade oils, notably Royal Dutch
which rose 2 points to a new high re-
cord. Rails also reflected the firm tone
but shippings were uncertain, a sub-
stantial advance in United Fruit being
offset by the heaviness of Atlantic Gulf
and American International Steels,
equipments and motors hardened with-
in the first half hour.

Death Closes Romantic Life Of Baron

BUDAPEST, May 8.—Death has
closed the romantic career of Baron
János Wallburg, born to a peasant girl
and acknowledged as son by the late
Archduke Ernst. Through the action
of the late Emperor Francis Joseph, he
was given the title of baron, and re-
ceived a princely allowance and a lib-
eral education, but his allowance was
reduced when he married a poor girl,
and was later cut off entirely after he
had attempted to obtain a restitution
of his rights through the courts.

During the last few years of his life,
Baron Ernst lived with his wife and
six children, in a two room flat amid
every evidence of extreme poverty. At
one time he served as a waiter in a
coffee house, where it was the custom
to give him as a tip seven silver crowns
as recognition of the seven branches of
his baronial crown.

He died in a hospital here early this
week.

SOCIALIST CONVENTION CONVENED IN CHICAGO

NEW YORK, May 8.—The 1920
presidential campaign of the socialist
party of America opened today with
the assembly here of 200 delegates
from all parts of the country for the
first national political convention of
the year.

Today's organization program called
for a "key note" address, probably by
Morris Hillquit and appointment of
vote tellers and judges, a sergeant-at-
arms, a convention secretary and
other officials.

Formulation of the party's plat-
form, in which there is exceptionally
keen interest this year will be begun
next week. The nominations for
president and vice president, it is ex-
pected, will not be made until near
the close of the convention, probably
next Friday, but it appears to be vi-
tally the unanimous opinion of party
leaders that Eugene V. Debs, now
serving a ten-year term in the federal
prison at Atlanta for violation of the
espionage act will be named to head
the ticket.

The latter most prominently men-
tioned for the nomination for vice
president are those of Seymour Stei-
nman, of Chicago, general counsel of
the party; and Neelands, formerly pro-
fessor of economics at the University
of Pennsylvania and the University of
Tulsa, and Mrs. Kate Richards
O'Farrar, of Kansas City, who, like
Debs, is serving a term for violation
of the espionage act. She is confined
at the federal prison at Jefferson
City, Mo.

In addition to the 200 delegates,
a number of fraternal delegates are
present representing sympathetic in-
ternational labor lodges.

REDS USE CHINESE AND MAINES IN KIEV BATTLE

LONDON, May 8.—Polish and Uk-
rainian troops captured Kiev on
Thursday night, according to an of-
ficial statement issued at Moscow yes-
terday and received here by wireless.

The text of the statement says:
"In the Kiev region, during the
night of May 6-7, our troops engaged
superior enemy forces northwest and
southwest of Kiev. Toward evening
the enemy broke into the outskirts of
the town, but were held up by our
counter attacks. Later our troops, in
accordance with orders, started to
withdraw in order to cross the left bank
of the Dnieper river.

"In the direction of Pechoroff our
troops repulsed an enemy advance 25
miles south of Kravay. In the direc-
tion of Igumen (east of Minsk) the
enemy attempted to cross the Bere-
zina river near Veresina village, but
was driven back across the river."

WARSAW, May 8.—(By The As-
sociated Press)—Russian marines and
Chinese troops have been brought up
by the Bolsheviks for the defense of
Kiev, according to the latest reports
received here from the front. The
marines are defending the ground
north of Kiev. The Chinese, the re-
ports indicate, are being used in the
front line in places. The reinforce-
ments sent in by the Bolsheviks, it is
stated, also include Bolshevik Lithuanian
troops, some of whom were captured
by the Poles.

"The ground held by the Poles at
various places in front of Kiev was
taken by bayonet charges, the Bol-
sheviki defending the villages and the
entrenchments on the hills until they
were killed or taken prisoners."

Negro Out For Governorship Of Arkansas

LITTLE ROCK, ARK., May 8.—J.
H. Blount, Forrest City, Negro, will
make an active campaign for election
as governor of Arkansas and his name
will appear on the ballots as an "in-
dependent Republican" a committee elect-
ed at the recent Negro Republican State
convention here and designating itself
the "Republican state central com-
mittee of Arkansas" announced today.

The announcement followed the state-
ment of Secretary of State Terrell that
he would certify Wallace Townsend,
nominated at a white convention, as
the gubernatorial candidate.

The negroes also announced they
would contest the four delegates at
large the two delegates from the fifth
district and one from the first district.

Men Fail To Return To Ports

YOUNGSTOWN, O., May 8.—Explos-
ion of the Pittsburgh and Lake Erie
railroads ultimatum to strikers as to
satisfactory return and the approaching
expiration of the Erie's ultimatum to-
night have apparently made no im-
pression on striking railroad men here.
Virtually no response has been made
by the men, the railroad admit. The
number of idle steel workers has been
reduced somewhat. Latest estimates
placing the number out of work at
25,000. Mill officials say they can con-
sider present operations and may be
able to add a few units.

Best Found Guilty Of Murder Charge

PONTIAC, Mich., May 8.—A jury in
criminal court found Aaron Best, a Flint
youth, guilty of the murder of Miss
Verna Schuchter, a telephone operator
whose body was found on the porch of
an unoccupied dwelling in a restricted
residence district here April 23. Best
was sentenced to life imprisonment at
the Marquette prison.

After two hours of questioning by
police and prosecutors, Best is said
to have confessed to killing Verna
Schuchter by strangling her to death
on the porch of an empty house in
Pontiac the night of April 23. Accord-
ing to his confession, which he later
repudiated, he sat down on the steps
of the house with the girl and she,
while begging him to kill her, took
two Landerkilles from his pockets,
knotted them, placed them about her
neck, and then lying down on the
floor, asked him to put the knitter-
chief's tie. Police took Best into
custody when he visited the scene of
the killing, after workmen had watch-
ed him wash his hands in a creek
nearby.

Howe's Big Circus Here; Parade Moves At 12 O'clock

Howe's Greater London Shows arrived here early this morning from Wellston and pitched its tents on the Middlebrook property, Boulevard and Kinney's Lane. The show found York Park far too small for the magnitude of its show and at the last moment was compelled to seek a much larger lot.

Twenty-five cars are required to transport the show.

The big parade is scheduled to move over the downtown streets at 12 o'clock (new time). The afternoon show starts at 2 o'clock (new time) and the evening performance at 8 o'clock (new time).

The circus has ten clowns, two bands, many trained animals and six elephants. It is a real circus, snappy and clean, and two satisfying performances are assured those who attend.

"Everything is spic, span new and we have no fakirs with our show," H. C. Willard, press representative of the United Amusement Company, said. "We enjoy liberal patronage because we give people their money's worth. The show is replete with features that are to please."

Marietta Wins Both Ends Of Big Debate

The affirmative and negative debating teams of P. H. S., debating here and at Marietta last night, lost both ends to the Marietta High School team.

Debate before a large, appreciative crowd in the local high school auditorium last night, the negative team representing P. H. S., despite the fact that it lost the decision, presented a well defined and forceful argument, but the experience of the opponents in having previously debated the same question with Parkersburg High School, was in their favor and told in the final outcome of the arguments.

The local team composed of Isaac Kelly, William Steag, Bertha Smith and Harold Packett, defended P. H. S. admirably last night.

Each team had three speakers in the rebuttals, and the arguments pro and

Pennington Is Acquitted

"Not Guilty" was the verdict a jury brought in yesterday afternoon in the case of James C. Pennington, Kentland avenue young man, tried in Common Pleas court on a charge of larceny in connection with the theft of an automobile owned by Herman Hagen from Fifth and Washington streets on April 2.

Testifying in his own behalf, the accused admitted taking the Hagen machine for his own which he had parked in the same vicinity and claimed he did not discover his mistake until he was arrested by the marshal of Sciotoville a short time later. He declared he had no intention at any time of stealing Hagen's car and that he only drove it away through mistake.

The state relied principally on an alleged confession made by the defendant to the officers following his arrest but the jury by its verdict must have accepted Pennington's explanation as true. The accused was defended by Attorney R. F. Kinable with Prosecutor Sheppard for the state.

Thomas Brand was foreman and the jury reported to Judge Thomas shortly after four o'clock after deliberating thirty minutes. Pennington is a machinist helper employed at the N. and W. shops East Portsmouth.

THE MOVIES

At The Arcum Today

For today Mr. Peto has a six reel program. One of the three two reels is another of the Texas Guinan features entitled "The Heart of Texas." This is a thriller in every sense of the word. "Tempest Only Hits the Trail" is a two reel Marie Walcott western, the first of the Spurr and Sadleir series of western features. See it sure if you like excitement. "No Mother To Guide Him" is a two reel Paramount-Black Screen comedy starring with Ben Turpin and Charles Lynn in the fun producing roles.

Will Move To Columbus

Mr. and Mrs. Wade Kennedy, for many years highly respected residents of Portsmouth, will move next week to their new home, 10, Seventeenth avenue, Columbus, Mr. Kennedy is now superintendent of the R. WASHINGTON'S "MIRACLE MAN" CREDITED WITH SUCCESS IN CURING BLIND AND DEAF

Dr. Joe Shelby Riley, author of several scientific books and cousin to James Whitcomb Riley, is called the "miracle man" in Washington because of his remarkable success in curing dumb and blind persons. It is stated that after just seven days of treatment he has restored the sight of George Folk, Ohioan and brother of ex-Governor Joseph Folk of Missouri.

Sparing Grandma.

A little miss was playing around in a forbidden box one day in the absence of her mother when her grandmother, who saw what was going on, accosted her rather sharply: "Gee, what are you rummaging around in that box for?" And little Miss Gussie answered: "Now, grandma, it will probably be just as well if you don't know what I am after."

Headache Cure.

A teaspoonful of charcoal powder to half a glass of water, is a cure for a headache, and relieves heartburn. The powder is difficult to mix with water; it assimilates better with milk, so that the quantity named should be worked to paste with a small quantity of milk; sufficient water to make the draught being added.

Orchid Crossbreeding.

While orchids from the wilds have remarkable and interesting characteristics, they are being rivaled and surpassed by new forms produced by hybridization in the greenhouses of experts. Now, the hybrids are many in number and are supplementing the older varieties in part because of their exquisite beauty of color and form, their increased fragrance and their greater ease of cultivation. It is slow work, the crossbreeding of orchids, but it is marvellously fascinating.

Glorious Revenge.

Brother had gone to a basketball game and left little sister at home, very much to her disapproval. She began at once to lay plans for revenge, saying: "Mother, I know what I'll do. I'll just go with you to the dentist tomorrow and have a tooth pulled. I'll let him and won't be sorry!"

Standard Employees Enjoy Fine Banquet

Employer and employee gathered around the festive board in the Washington hotel last night at 7 o'clock and enjoyed an evening of unalloyed pleasure.

The occasion was the annual banquet given by the management of the Standard Supply Company to their faithful employees.

There were twenty-six present. The menu was faultlessly served in six courses and the banquet was a thoroughly enjoyable affair.

Joseph Russell acted as chairman of the evening, introducing C. E. Dowling, the secretary and treasurer of the company, who acted as toastmaster of the affair.

Mr. Dowling is a preacher of the gospel of the smile and his sermonizing along that line Friday night was inspiring. Among other points he made, the most outstanding was this: "When you lose your smile, you're done."

His ability as a story teller is remarkable, and his stories, last night, fitted in exactly the right places. The only matter of serious import which was suggested throughout the evening was the fact that yesterday was the anniversary of the sinking of the Lusitania.

The first speaker of the evening was President Fred Ruhlman, who made a brief address expressing the hope that all would enjoy themselves, naming a general good time.

Following Mr. Ruhlman, H. W. Watkins of the sales department, in a short speech congratulated the employees in a sarcastic dissertation on the credit department. He was answered by Ben Leichter of the credit department.

M. J. Higgins, A. J. Franklin, W. J. Baker and Mrs. Mattie Scott also made short talks and were greeted with much applause. A note of sincerity rang through all the speeches and evidenced the fact that the best of harmony prevails among the employees of this progressive firm.

"These banquets have become annual affairs and are always anticipated with keen pleasure," Mr. Dowling said at the close of the delightful affair.

Mr. Ruhlman, who also is one of the live wires of the company, expressed his gratification for the hearty cooperation of all employees the past year.

Those present were: Fred A. Ruhlman, C. E. Dowling, Mattie Scott, M. J. Higgins, Benjamin A. Leichter, Emma Herrman, Esther Vallard, Mildred Hastings, Catherine Guichard, Helen Wheeler, Joseph Russell, Mary Herrmann, Oscar Mitchell, Clarence Leeger, Glenn Briggs, William J. Baker, Frank Rogers, Chester A. Kerr, Edward Youngman, W. H. Gibbons, Henry Well, Virgil Scott, Bertha Stock, Wayne Watkins, Walter E. Ruhlman and Jack Franklin.

Grand Prelate Inspects Calvary Commandery K. T.

Em. Sir and Rev. Geo. W. Hunton, grand prelate of Ohio, was the inspecting officer Friday night at the annual inspection of Calvary Commandery, No. 13, K. T., which took place in the Masonic Temple at 7 o'clock.

Following the inspection the Knights gathered around the festive board and enjoyed an elaborate banquet. The Sir Knights gathered in a goodly number for the inspection and banquet, making it one of the most successful affairs of its kind in the history of local Masonry.

Rev. Hunton, who is from Dayton, met many old friends while in the River City and thoroughly enjoyed his visit here.

Labor and Traffic Conditions On C. & O. Reported Normal

The Huntington Herald Dispatch this morning said:

Labor and traffic conditions on the Chesapeake and Ohio are again normal, it was said at division offices of the road here yesterday.
